FROM THE PEN OF THE PRESIDENT....

*"When you wish upon a star, it makes no difference who you are
Anything your heart desires, will come to you"*

Message

Dear Principal of the school, teachers and students, I am happy to hear that SRS is all set to release its second newsletter titled-[Putrivati Bhava](#) .The school has very aptly chosen the title of the newsletter- Putrivati Bhava , a tribute to the initiative taken by the SRS family for the social and moral drive to save, empower and spread awareness to stop crime against women . I feel jovial to share that SRS has really done a great job, especially when we all know that the school is mere 3 year old and is in its infancy. Yet in such a short span of time it has reached a milestone and has become an icon in the field of Education, not only in Bhiwani but also in Haryana.

This achievement could not be achieved by a single individual but it is the TEAM work of the entire SRS family. I appreciate and applaud the sincere efforts every SRSian is taking to bring this institution to this greater height.

I whole heartedly salute the committed and self-driven Principal and the teachers who have taken the responsibility of laying the foundation for these children to become good citizens; co-operation and support of the parents & the sincerity of the lovely children blossoming each day to the values and experiences gained in SRS. SRS truly believes that a school is not only a ["Temple of Learning"](#), but most important ["Temple of Transformation"](#). So no opportunity was missed to provide children holistic growth in SRS".

The outcomes validated the saying - "A teacher affects eternity. She/He never knows where her/his influence stops".

I salute the true spirits of SRS and wish that it churns human beings of repute in the years to come.

*Your Performance leads to recognition. That
recognition brings respect. You kept asking yourself-
"What next, what more and what else."*

FROM THE PEN OF THE CHAIRMAN....

Message

In this era of cut throat competition, it is of paramount importance to impart an integrated education to the future citizens of the nation for successfully facing multitasking. Sarvepalli Radhakrishnan School, therefore, lays special emphasis on both scholastic and co-scholastic activities providing students an edge over others to be a leader in their respective field of activity. I feel extremely happy to hear that SRS is about to release its 2nd newsletter under the title –Putrivati Bhava. Collaborating with all concerned members of the school community, the school is consistently working to achieve academic excellence for all students, to celebrate and appreciate our students' diversity, to promote a positive school climate, and to maintain an emotionally, intellectually, socially, and physically safe school environment.

The last three years of the school's journey is a true reflection of all these diverse achievements and progresses made and being made by the school in fulfilling the coveted goal of imparting disciplined and quality education. The SRS community respectfully nurtures and engages each student in realistic, meaningful and collaborative learning. As Aristotle has aptly said-

“The energy of mind is the essence of life.”

FROM THE PEN OF THE CHIEF EXECUTIVE DIRECTOR....

Message

Everyone has dreams and without dedication it is like a body without soul. When such dreams turn into reality, it makes a mark on time. We need to be among those unique human beings who have left an indelible mark on the lives and minds of other people.

In addition to educational brilliance, Sarvepalli Radhakrishnan School is dedicated to bring in strong moral values, honesty, civility, benevolence and reverence for elders in all its students. This spirit is evident in the initiative taken by the students to spread awareness about the degrading gender ratio through the drive 'Putrivati Bhava!' which sought immense appreciation everywhere. The school provides a concerned environment to all its students pertinent for the young minds to be nurtured. It aims to develop intellectual students with great discipline, intense determination and passion to do extremely well which are the merits required to meet the challenges of the contemporary society.

Last but not the least I want to share another notion - "Many are born on the earth's surface but great are those with morality. So be the best harvests of earth's sweat & love, show the heaven that what are you made of"

I extend my heartiest congratulations and best wishes to the whole SRS family for releasing the second issue of the newsletter-**PUTRIVATI BHAVA**, which is not mere a title but a history to entrench a turning point in the prevailing society.

FROM THE PEN OF THE PRINCIPAL....

Children regardless of their age, class, race or background mostly are not like a notebook yet to be written upon as is mistakenly believed.

What we at SRS believe is that each child has his own individuality and his special skills and talents. A good educational system helps a child to nurture his talents and overcome his shortcomings. This belief drives us to present a facet of the school in the form of this newsletter titled as-**Putrivati Bhava**. Only by providing appropriate arena, all encompassing education that will lead to the development of the all-round personality of a child equipped to face the challenges of life in all his future endeavors. Education is a systematic and planned attempt to bring about appropriate development & changes in a child by way of inculcating approved behavior patterns like thirst for knowledge and acquirement of multifaceted skills and values. Academic excellence is the major thrust in SRS as we provide a platform to the students to showcase their individual talents in all spheres of life. We believe that the approach to motivating and getting the best out of the children is based on the positive reinforcement of good work and good behavior with a philosophy which centers on praise, encouragement, enthusiasm, fun and affection rather than criticism, fear and punishment. Nevertheless, nothing worthwhile can be achieved without being able to cherish the values of tolerance, fair play, compassion and independent thinking.

The parents can assuredly repose faith in the sincerity of purpose & dedication of the faculty. I am confident that the students will find their educational experience at SRS a fruitful & rewarding one.

Looking forward to see my students scale greater heights I wish all the best to all the SRSians.

The entire team of Sarvepalli Radhakrishnan School, Bhiwani would like to express its heartfelt gratitude to Dr. K.C. Bhardwaj, Chairman, Mr. Shekhar Vidyarthi, I.A.S., D.C. Gurgaon, Mr. D.K. Behra, I.A.S., D.C. Fatehabad, Mr. Ashok Kumar Meena, I.A.S., D.C. Bhiwani, Dr. Anshaj Singh, I.A.S., D.C. Sirsa, and Dr. Suresh Reddy, Director of SRF foundation, Gurgaon for their buoyant contribution in organizing "Putrivati Bhava" at Bhiwani, Narnaul, Gurgaon and Mewat. This event could not have been a success without the help of these torch-bearers and the many other volunteers who donated their time to make this drive a fruitful one.

We also take the opportunity to thank and applaud their heartfelt attachment with the programme "Putrivati Bhava". Although we have just begun our journey to spread awareness among the districts of Haryana regarding the dwindling sex ratio, they have not mere helped us in starting it but have also boosted our zeal to work in the direction of social reforms. This firm support had clearly manifested their honest concern and sentiments for the 'Female Feticide' and 'Respect of Women in India' in the century.

Thanking once again, the SRS family nurtures a hope that the school will be receiving the valuable guidance along with unconditional and unstinted support in its future endeavors too.
